- Governance Committee Chair led a discussion from the "Top 10 Questions for Charter School Boards, a development/training resource."

The December topic was about students, families, ecosystem:

- 1. <u>Groceries/Healthy Options:</u> This has been an issue in the past and challenging for the entire KCPS, but there is improved access to healthy options/groceries within KCMO.
- 2. <u>Transportation:</u> Improvements in transportation have happened in KC which have helped. We address attendance issues via personal phone calls and figuring out the students' transportation needs
- 3. <u>Technology:</u> Issues with available internet, technology, have been addressed by AFIA with the addition of a technology lead helping with Chromebooks, hot spots, and addressing the needs of student that are in quarantine.
- 4. <u>Housing:</u> There is a lack of stable housing for some students and families. AFIA provides contacts to resources when known.

The top priorities for addition information about the ecosystem included:

- 1. Understanding additional resources (i.e. external agencies) that are needed
- 2. Pushing for more resources and priority given at the state/federal level to these resources-(this cannot all fall on the school.)
